

## The Grammont

Facing Montreux, there is a mountain often depicted on pictures and photos. Among the most known pictures representing this mountain is certainly the one from Hodler. The prevailing blue colour of this pictures makes one think of a winter's end journey, as at the beginning of march.

Here we will climb this mountain to enjoy the flora of its sunny slopes, but also to imagine oneself surfing down the gullies to the Lake of Geneva that one sees at the bottom.
