

Around Grand Chavalard

The Grand Chavalard is especially characterised by the lines of avalanche protections that are overlooking the Valley of the Rhone. In fact, when one drives up the valley, one can not miss them.

This top is however located in a wild region. In fact, the basin in which are located the lakes of Fully is beautiful.

The section on the ledge above the Valley of the Rhone allows to enjoy magnificent views onto the peaks of the other side of the valley.
